**To:** Ms. Susan Swales  
**Date:** 05/09/89  
**Summary:** Additional response to a request for information

- Raymond Gamble, sales, and Edward Freel, V.P. of Finance, and Treasurer were consulted in preparation of these answers.
- Documents used in this report are the MSDS papers and transporter's manifest papers.
- No one else has more detailed knowledge or documents.
- KampCo began operations in '72. Also see answers #1 & 2 in the 11/22/88 104(e) response.

**KAMPCO STEEL PRODUCTS, INC. (Continued)**

- Kampco waste was picked up in 10/85 by Chemical Services Corp., and taken to Chem-Net Services. KampCo also used Amoco Oil of South bend, IN to pump their pits out, and reclaim used oils. They restore them for future use as a drawing compound.
- KampCo did not dispose of any wastes from 1972-1976 or up to May 1989.
- KampCo waste material was never taken to Himco during '72 - '76 and up to date of '89.
- Only office trash, the brake room's trash, and bath room trash was taken to Himco.
